If you talk on your cell phone while driving

It's equal to driving with a blood alcohol count of .08 percent ...

Which is legally intoxicated!

If you text while driving

You typically take your eyes off the road for five to seven seconds ...

It's like being blindfolded!

Be Safe & Take the Distracted Driving Pledge* Today.

It might save your life ... and the lives of others!

I pledge to focus on the road while driving and will not use my cell phone for:

- Texting
- Reading Texts
- Going on the Internet
- Talking
- Checking Voicemail
- Changing Music
